Resource: Calendar of Observances 2019- 2020

© 2018 Anti-Defamation League <https://www.adl.org/education/resources/tools-and-strategies/calendar-of-observances>

The increasingly pluralistic population of the United States is made up of many different ethnic, cultural, faith and religious communities. To enhance mutual understanding and respect among various groups, the Anti-Defamation League offers this Calendar of Observances as a tool to increase awareness and sensitivity about religious obligations as well as ethnic and cultural festivities that may affect students, colleagues and neighbors in your community.

Religious Observations

The multi-faith calendar includes significant religious observances of the major faiths represented in the United States. It can be used as a resource when planning school exam schedules and activities, or when scheduling workplace festivities and community events. Note that Bahá'í, Jewish and Islamic holidays begin at sundown the previous day and end at sundown on the date listed.

National and International Holidays

The calendar notes U.S. holidays that are either legal holidays or observed in various states and communities throughout the country. Important national and international observances that may be commemorated in the U.S. are also included.

Calendar System

The dates of secular holidays are based on the Gregorian calendar, which is commonly used for civil dating purposes. Many religions and cultures follow various traditional calendar systems that are often based on the phases of the moon with occasional adjustments for the solar cycle. Therefore, specific Gregorian calendar dates for these observances will differ from year to year. In addition, calculation of specific dates may vary by geographical location and according to different sects within a given religion.

Hiawatha Academies encourages that the dates of these observations be considered when planning events for staff, students and families.
