

Hiawatha College Prep- Northrop

Week 2: April 27- May 1

A Message from the Principal

"Together, all things are possible."- Cesar Chavez

In the course of 4 weeks, our scholars went from sitting and learning in a school building to sitting at home and doing coursework online. This shift has been hard for both students and staff alike. What continues to be true is our desire to continue to push students to do their best and learn. This is only possible if we continue to work together. We want to be a support system for them. This is why teachers will be hosting office hours every week. In addition, I have added their numbers for you or your student to be able to call them. In the upcoming weeks, students will begin to receive grades. More details to come in the upcoming newsletter. As always, if you have questions or would like to connect, please reach out to me directly at: bmartinez@hiawathaacademies.org

Sincerely, Ms. Martinez- Cruz
