A Message from the Principal

Dear HLAN Families,

Happy Mother's Day to all of our HLAN mothers! I hope you enjoyed some well deserved rest and celebration with your families this past weekend. Thank you, mothers, for the countless seen and unseen ways you lead, love and support your families.

As we move into the final weeks of our school year, we are preparing to both close out the year and prepare for next year. There are two critical things to know this week. The first is that we will be holding virtual parent-teacher conferences the week of May 26-May 29. The conference will be a time to speak with your child's teachers and celebrate your student's growth this year and how they can continue to learn and grow through the summer. Please be on the lookout for conference sign up information soon!

Second, we are beginning our student intent to return process for next year. If you know of someone interested in enrolling their child at Hiawatha Academies, please have them contact the main office or me directly.

Finally, if you have any questions, need support with anything including how to help build strong reading habits at home or would like to connect about anything else including food and tech support, please contact your child's teacher or reach out to me directly at nmanaen@hiawathaacademies.org or at 952-237-3632.

Thank you,

Mr. Nate

Daily Student Work In Seesaw

Morning Meeting: A 5-10 minute video students watch to start their day with their teacher. This is a great place for you to participate to see what you child's teacher has planned for the day.

Math: Students will typically have a math warm up and a worksheet to complete. Teachers will review student work and send them any corrections.

Independent Reading: The highlight of the day! We know that reading often and a lot is a critical predictor of academic success and also supports a lifetime of joy and learning. Your child has access to a huge number of online books through the Epic program.

Phonics: Students will have 10-30 minute video activities to build their reading skills. Please have your child do this each day!

Specials Classes: Our art, music, Spanish, PE and science teachers prepare an activity each week for your child to participate in. There is no assignment to turn in, and I encourage you to participate with your child in these activities!

Food Distribution Information

Hiawatha Academies will continue to host weekly food distribution every Monday at the Hiawatha to all Hiawatha families on Mondays. Families can pick up a set of food for each child and a set includes 7 breakfasts, 7 snacks, 7 lunches and milk for the week.

When: Mondays from 10am-1pm

Location: 3500 E 28th St, Minneapolis, MN 55406

Technology Supports

If you are still in need of a device for your child to access our online learning, please contact myself or the office at 612-455-4004
