

Hiawatha College Prep Kingfield

Aug 4th

Happy August Kingfield families.

As you probably know, Hiawatha Academies will start our academic program in distance learning through September 25th. We have been putting a lot of time into building a strong distance learning program this year. Please see the attached **link for what our draft student schedule will look like**. We will be spending more time in live classes both for content and for community building and all scholars will have access to their own device. Each student will have a coach who will serve as the point person for family communication and helping each student achieve success.

In order to plan for the year we need your input! You have received a text message with a link to a short survey. **Please complete [the Back to School Needs survey](#)** for each child enrolled at Hiawatha Academies by 11pm Wednesday, August 5th.

So that we have the most up to date information for your student and family please make sure to complete the **e-update process in the Parent Portal on Infinite Campus**. In addition, We have created video tutorials which walk you through the process of 1) completing e-Update and 2) electronically submitting free or reduced price lunch forms. Find those videos [here](#).

Over the next 2 weeks look for more information including a video orientation to our academic program so that you know how to best support your student in google classroom/zoom and specific dates for materials distribution day and meeting with your students coach.

Thank you for your support and we look forward to starting the school year in just 4 weeks!

In partnership,

Matt Toppin
